

WEEKLY UPDATE

10/16/20

Dear Residents and Families/Representatives,

Please accept this letter as our weekly update regarding the status of COVID-19 in our facility. Since the onset of this virus, we have had 2 residents and 4 staff members test positive for COVID-19. Everyone has recovered and is back to their normal routine and healthy.

As you know, we have been preparing to safely allow visitors at our facility and we are so excited too, for you to see your loved ones. As we previously reported, there are many factors that determine when a facility can open up for visitors, up to and including our county's COVID-19 positivity rate, residents' health status, or if there is a COVID outbreak in the facility. Currently, we are waiting on approval from Texas Health and Human Services to approve our Plexiglas Indoor Visitation Booths for Limited Visitation to occur.

Also, we are beginning visitation for Essential Caregivers who have been designated as someone who provides regular care and support to the resident meeting the need. Each resident may have up to two (2) Essential Caregivers, but only one can visit one at a time. Essential Caregiver visits will be limited to 30 minutes at this time as that is what our facility can safely accommodate. The visits will occur in designated areas outdoors, to limit movement through the facility and interaction with other residents. If you have been designated as an Essential Caregiver, we will provide you with more specific procedures to ensure a safe visit with your loved one. If you wish to become an Essential Caregiver, please discuss this with your loved one or his/her legally responsible party and notify the facility.

Please continue to check our website for weekly updates as well as notification of new cases. As always, we will notify you if we receive confirmation of a new positive case in our facility and we will reach out to you individually if your loved one is displaying symptoms of COVID-19 or tests positive for COVID-19.

If you have any questions or concerns please contact us directly at (737) 241-0800.

Sincerely,

Kristy Cooper
